

Lusin® Alro OL 151

Release Agent

DESCRIPTION

Lusin® Alro OL 151 is a universal silicone-free release agent. The product is suitable for application temperatures (mold temperatures) up to 150°C / 302°F.

BENEFITS

- Silicone free
- Can be removed with water

APPLICATION

Before applying Lusin® Alro OL 151, it is recommended using Lusin® MC1718 as a mold cleaning agent or Lusin® Clean L 11 as a degreasing agent. If subsequent treatment of the parts is required, e.g. metal coating, lacquering, etc., preliminary tests are recommended. The product must be applied on a clean metal surface, sprayed in thin and even layers. Special attention should be given to edges and undercuts.

TYPICAL PROPERTIES

Appearance: Greenish liquid.

These are typical values and should not be used to set specifications.

STORAGE

Lusin® Alro OL 151 should be stored indoors in a dry area at room temperature.

HANDLING

For further information on storage, handling, hazards, etc., please refer to the appropriate Safety Data Sheet. Do not use after the expiration date shown.

SHELF LIFE

Approximately 24 months.

PACKAGING

Lusin® Alro OL 151 is available in a variety of package sizes. Please contact Chem-Trend customer service for details.

FURTHER INFORMATION

The product's active ingredients are highly efficient cleaning additives.
